Forecast for Sunday 03 Apr 2022

Weather: Dry through the early hours with some clear spells or high based clouds, and a severe chill. Early morning mist and fog in the valleys, otherwise dry and bright for most of the day. It will turn cloudy in the afternoon with rain arriving from the northwest late-afternoon, turning heavy and persistent in the evening. Westerly winds will also strengthen late afternoon, with gales or severe southwesterly gales on exposed summits and ridges through the evening.

Chance of cloud-free hill tops above 700m: Greater than 90% for most of the day, lowering to near zero chance in the evening.

Low cloud and visibility: Good visibility for most of the day. Becoming moderate or poor visibility in the evening due to rain, and falling very poor in hill fog with cloud bases 200-400 m.
